

Newsletter December 2025

Hello U3A Snappers and welcome to December.

My plan for the November meeting was scuppered by an adverse weather forecast (not only adverse but wrong). In the event we enjoyed a beautiful Autumn afternoon at Buriton. This was followed by stops at New Barn Lane and Chalton.

Andy Forbes

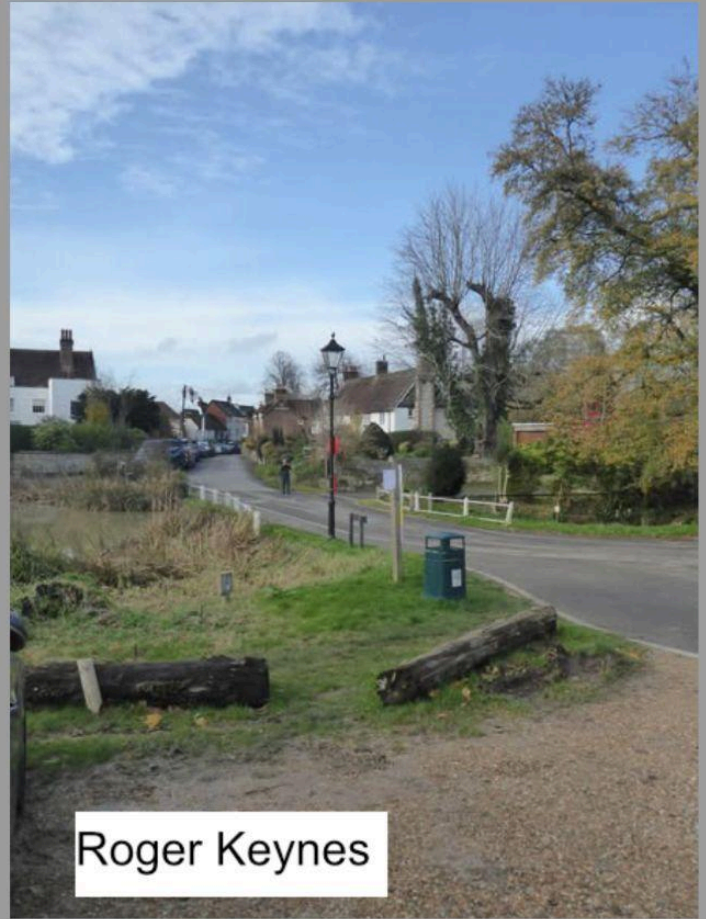

Anne Noble

Clive Midson

Geoff Dennison

Roger Keynes

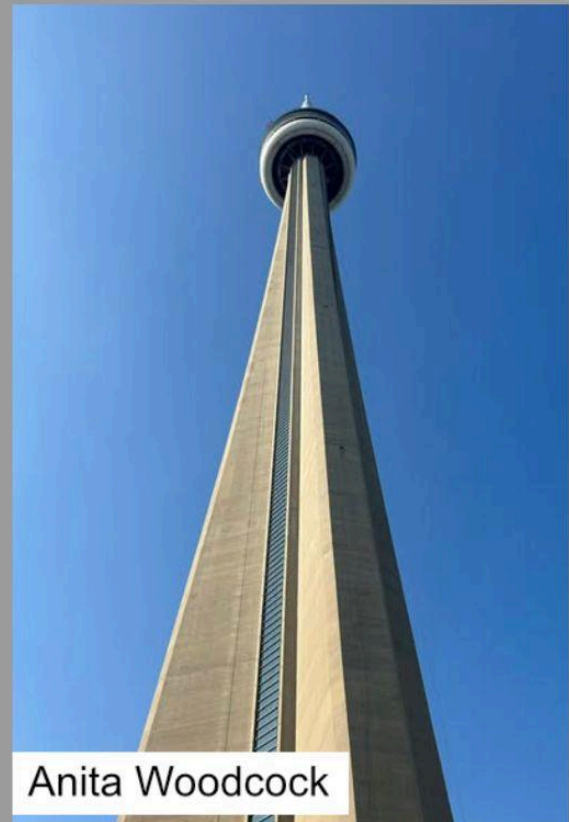

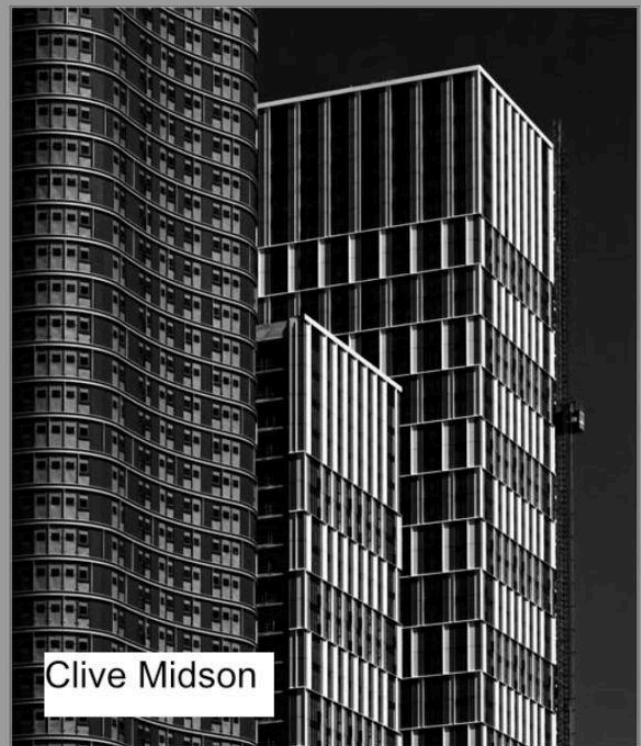

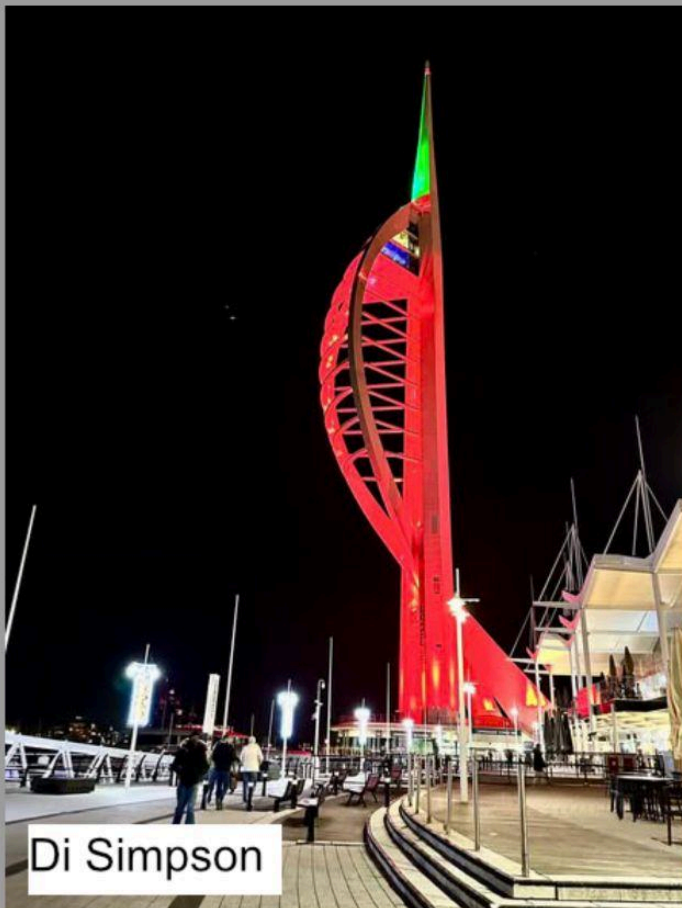

Ingrid Reakes

Patricia King

Our theme for November was "Towers" and we had a few entries including one of our most famous local landmarks.

Our theme for December (assuming you have time) will be Red/Green. This shouldn't be too difficult in the run up to Christmas.

Our December meeting will take place at Napier Hall on the 11th 2pm. I will give a presentation on camera phone tips and tricks. This will include a video by Jamie Windsor who demonstrates how a photographer in the USA produced a whole book using a camera phone in one office. I am also going to produce a slide show from our members own photographs over the last year. Refreshments will be available. There will be a chance to discuss any suggestions you may have for group activities during the new year. If time permits I will give a quick demo on how I produce this newsletter using photographic software.

If I don't see you at the meeting, have a great Christmas.
