November 2025

Greetings U3A Snappers. As I write, the forecast over the next few hours is for 40mph winds and blustery showers. If you are tempted to venture out, perhaps you should keep a firm hand on your tripod. Luckily the weather was a lot kinder for our October meeting where we gathered in Victoria Park, Portsmouth for a few autumnal shots. This was followed by refreshments in an interesting outlet known as the Nosh Box.

This photo is a composite of two taken by Suzy and Andy.

Diane Stoner

Our next monthly meeting will be on Thursday 13th November at Winkworth Arboretum, Hascombe Rd, Godalming GU8 4AD. Meet at the reception 11am. Entrance is free if you are a National Trust member or £14 if not. It is possible to join on entry and get free admission. I will keep a close eye on the weather as the grounds look their best in sunshine. Hopefully the trees will retain their leaves until then.

Winkworth 12th Oct 2025

Our theme for October was "Macro". Although not strictly the same thing, I included Close-Up pictures in the range as not everyone has a specialist macro lens or extension tubes. (By the way, this is an economic way to achieve macro shots and there are lots of videos on Youtube showing the method -see Andy's shot below
