Newsletter August 2026

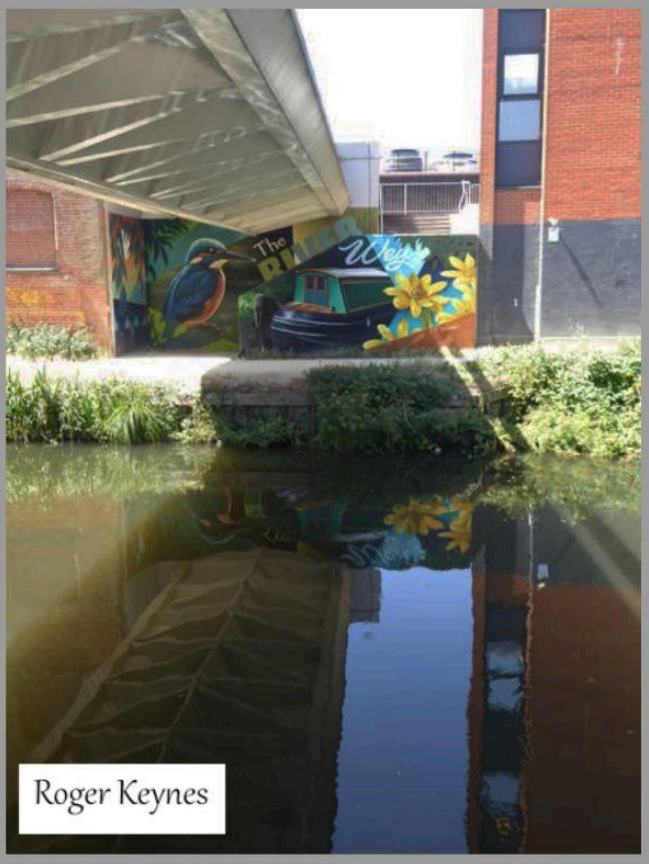

Having failed to have a daytime meeting in June because of heavy rain, we found ourselves in the midst of a heatwave for the July meet. Congratulations to the group members who joined us at Guildford despite the searing heat.

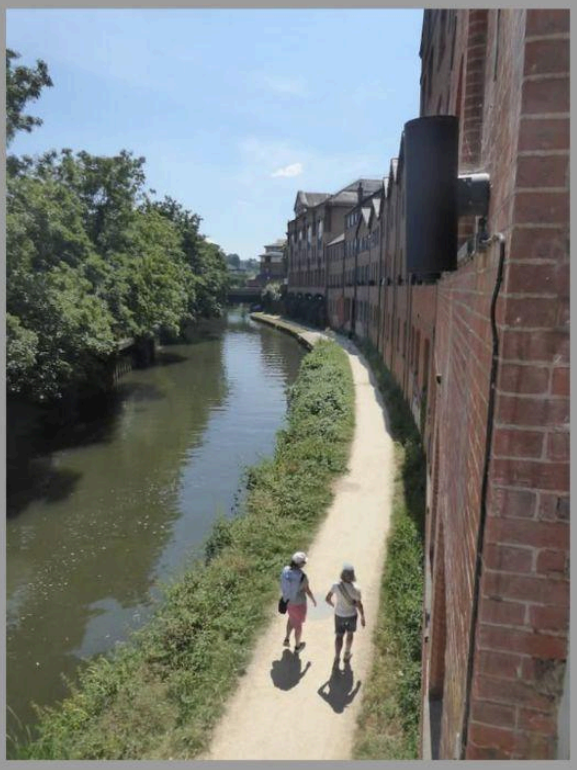

We met for lunch in the Three Pigeons at the top of the High St. The Manager decided that our numbers and spending were sufficient to justify turning on the air conditioning.

Some Guildford scenes.....

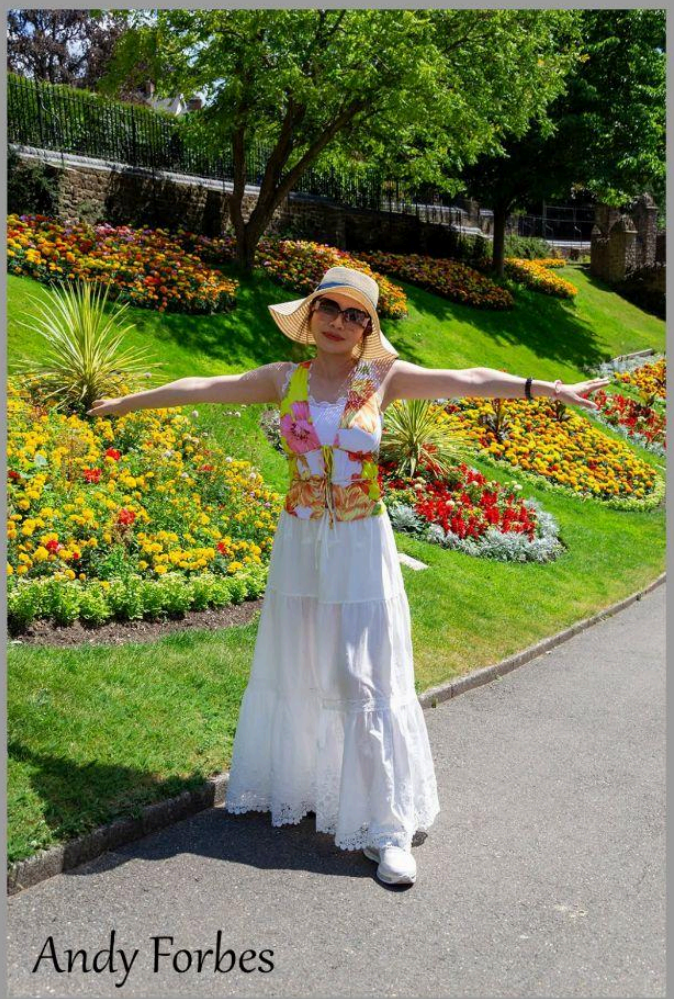

Anne Noble

Roger Keynes

Clive Midson

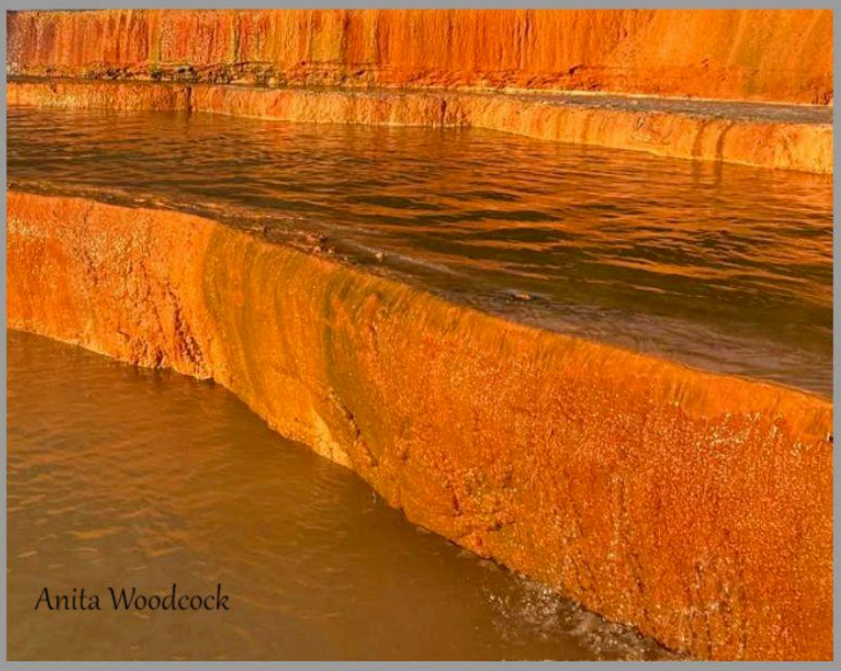

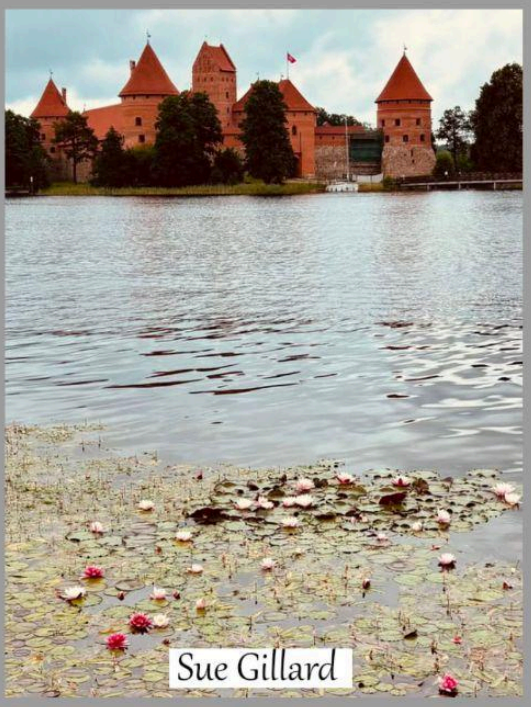

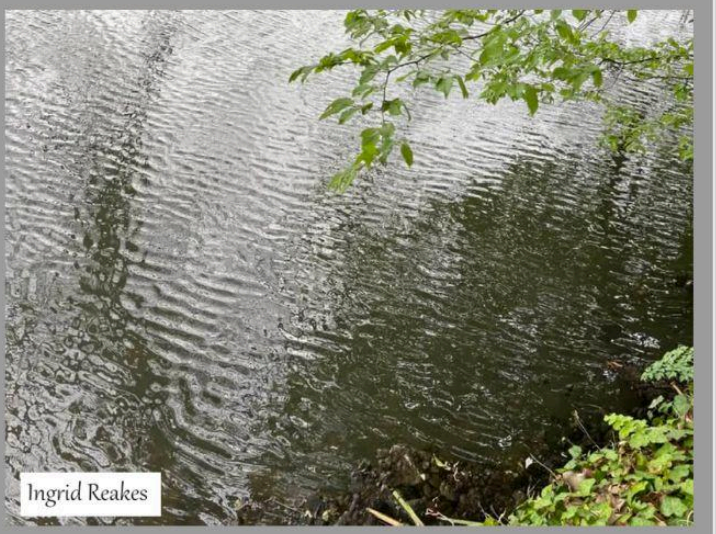

Whilst we were in the park, Andy met this lady who was visiting from New York

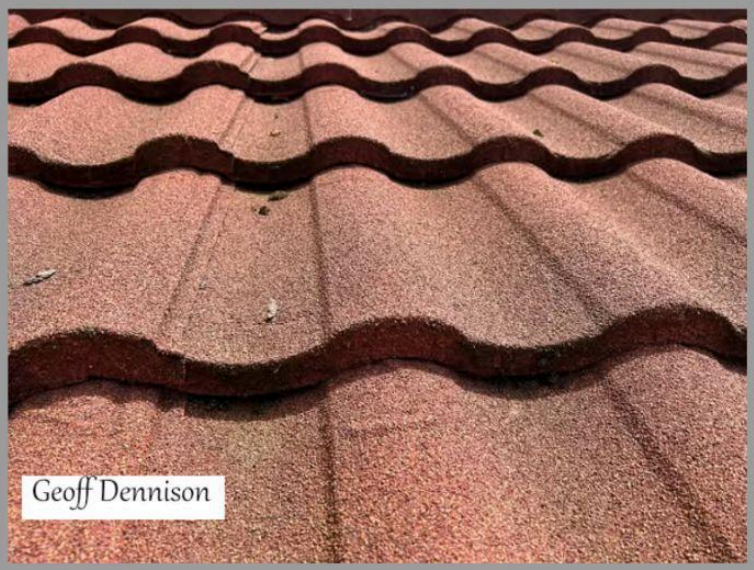

Our theme for July was "Ripples" and here are some of your contributions.

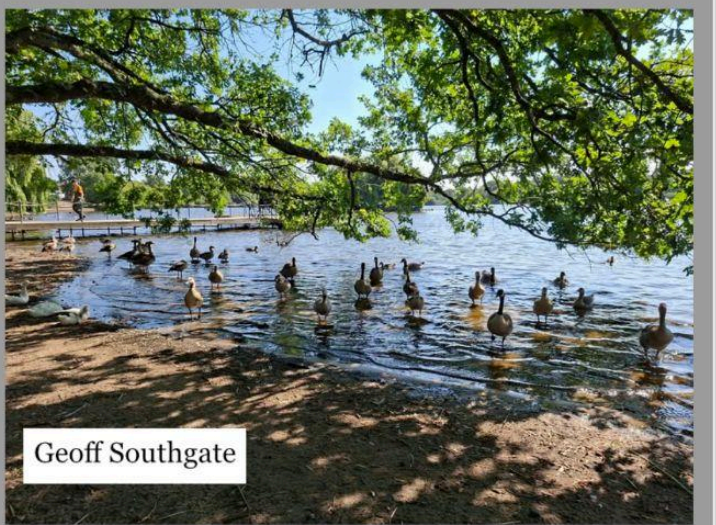

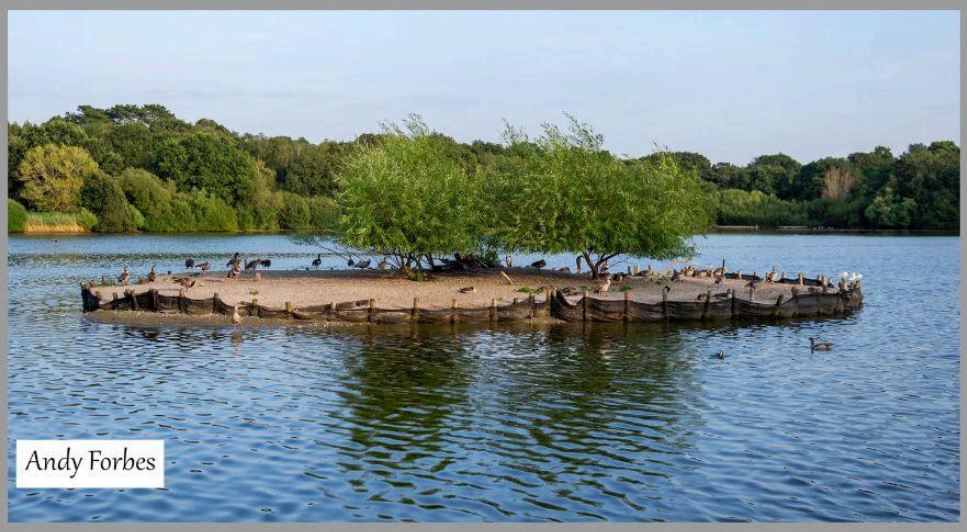

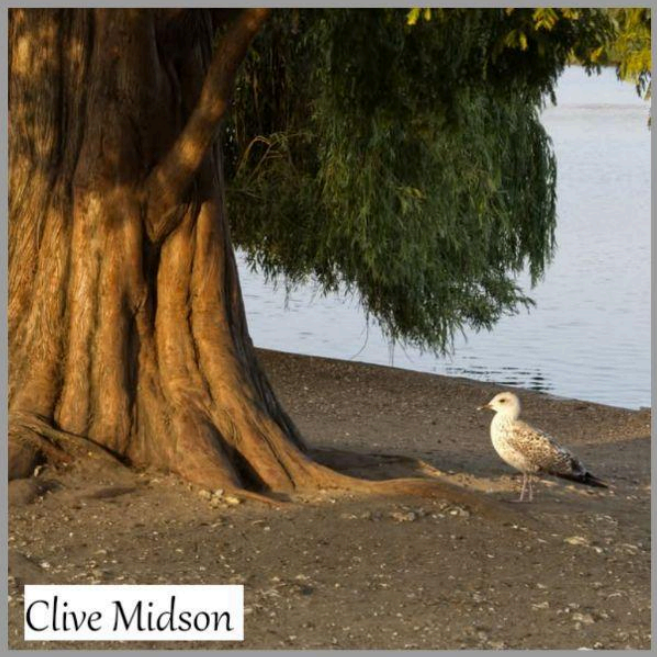

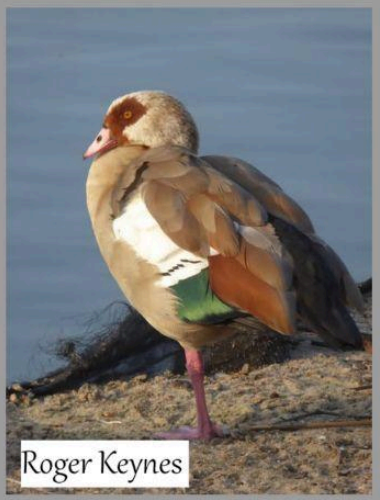

We also managed an evening meeting at Petersfield Lake where we found both sympathetic light and temperature. We also called in to the Hampshire Hog on the way home.

Ingrid Reakes

Roger Keynes

Our next meeting is due on Thursday 13th August. As we travelled up to Guildford in July, I thought a more local spot might suit, especially in view of the extreme weather we have had lately. My suggestion is therefore that we meet at Fort Cumberland Car Park near Eastney. (See map) From here it is a fairly interesting walk round the decaying fort and on to Southsea Marina, near the Hayling ferry. Those of you who came to the Eastney Pumphouse visit may recall that the Marina has a good cafe. I will remind you nearer the time but I suggest we meet at 2pm in the car park.
